

Faculty of Management, Economics and Social Sciences

Postdoc (f/m/x)

Supply Chain Management

We are one of the largest and oldest universities in Europe and one of the most important employers in our region. Our broad range of subjects, the dynamic development of our main research areas and our central location in Cologne make us attractive for students and researchers from around the world. We offer a wide range of career opportunities in science, technology, and administration.

At the Area of Supply Chain Management we analyze and optimize supply chains and publish our results in international journals. In research, we work closely with other international universities, ECONtribute the Cluster of Excellence, and the Center for Social and Economic Behavior and are the highest ranked German Supply Chain Area in the in the SCM Journal List Ranking for analytically-focused journals. One focus is on the use of state-of-the-art approaches in the fields of analytics, machine learning and optimization of real-world problems.

YOUR TASKS

- » Development and implementation of modern methods in supply chain optimization
- » Implementation of practical projects with leading companies
- » Publication of research results in leading international journals
